Evansville, Ind., Sept. 20.—"Unconditional surrender" is demanded of the German nation in a resolution to be sent by the War Mothers of America, holding their first national convention hee, to President Wilson, General Pershing and the American expeditionary forces in France. The resolution reads:

"Millions of war mothers of America, represented in national convention in Evansville, stand loyally behind you in your desire to make no peace until Germany and her allies surrender unconditionally."

The adoption of the resolution followed the reading of a telegram from President Wilson, as follows:

"To the War Mothers of America: The heart of the whole nation goes out in pride and deep sympathy; sympathy because of the supreme sacrifice they have made and in pride because of the superb courage with which those sacrifices have been accepted. Their sons are making America loved and honored wherever men love freedom and respect justice. Their heroism and their sacrifices, will make the whole world a happy and safer home for the wives and mothers of brave men in the days to come. Future generations will rise up and call these men blessed. Please accept my personal homage of respect and gratitude."

The surgeon general's report is for the week ended September 13, so therefore does not reveal the extent of the influenza epidemic, which started early this week.

The admission rate for disease was slightly higher than for the preceding week, while the non-effective rate showed a decrease from 36.4 to 35.1 The death rate continued low, at 2:37.

GERMANY KNEW OF OFFER

Herr Thomas, of Austro-Hungarian Labor Union Delegation, Declares Food is Wanted.

Geneva, Sept. 20.—"The only logic the stomach understands is hot soup. The only solid argument—is pieces of meat floating in it."

In this way Herr Thomas, spokesman of an Austro-Hungarian labor union delegation, is said to have urged Count von Hertling on September 13 to offer peace to the allies, according to the Journal de Geneve. Insistence of the Austro-Hungarian labor element, due to the gradual starvation of the people of the dual monarchy, is said to have been the real reason for the subsequent Austro-Hungarian peace bid, so it is not doubted that Germany agreed to it before hand.

In the year that has just gone by,

CONFESSES TO CRIME

Washington Police Arrest Benjamin Rubin, Farmer Soldier and Escaped Convict, AndWring From Him the Story of Eva Roy's Death. Ends Long Search For Murderer.

Benjamin Rubin, a farmer soldier, was arrested by the police of Washington this afternoon as an escaped convict. Grilled by detectives Ruben is alleged to have confessed to the murder of Eva Roy, the 14-year-old Fairfax county girl, on August 6.

Rubin, according to the Washington police, says he met the girl in the woods near her home and asked for something to eat. The Roy girl asked him to accompany her to her home and that she would comply with his request. This, he said, he refused to do, thinking it might lead to his capture. Rubin told the police that he confessed to the girl that he was an escaped convict. He then choked her, although he claims he did not intend to kill her.

Rubin was arrested in Washington some time ago for housebreaking and sentenced to Occoquan for three years. He escaped from that institution July 10.

Lou Hall, who has been held in the Fairfax county jail and who was indicted by a jury in that county several days ago, soon will be liberated by the Fairfax authorities. The authorities, as previously stated in the Gazette, never had other than circumstantial evidence against Hall.

HUNS CHAINED TO CANNON.

American Lieutenant Saw Three Locked To Posts in Fighting at Amiens.

The German officers are chaining German machine gunners to their first line guns!

There have been reports of this several times. Now you may take it as verified fact. Lieut. R. I. Gary, of Peoria, Ill., saw it.

"Who told you about it?" I asked him.

"Nobody told me!" he replied heatedly. "In front of Amiens I saw three German gunners chained to their machine guns. One of 'em was dead, Two were alive—wounded.

"They had steel cuffs locked around their left ankles and the chains ran to the bases of the guns and were locked there—so they couldn't beat it. I can tell you the links in the chain were good and heavy. I know, because we had to cut them, to take the guns and the two prisoners."

GRAND NEXT WEEK

The third episode in the thrilling serial, "The Hand of Fate," which will eb presented at the Grand Theater next week, deals with the ambassador's diamond.

At the Carinthian Embassy the aged Ambassador, awaiting the delivery of the wonderful diamond he has purchased from Sir Gilbert Townsend, is seized by a man who appears to be his double, bound and gagged, and thrown behind the curtains. Guarded by Conway Bass and a number of other detectives, Townsend delivers the diamond to the bogus Ambassador.

After the sensational loss of this diamond, London gets too warm for

Ultus and his band, and they hide in the country. Eugen Lester, one of the band, dissatisfied because his share is not as great as that of Ultus, to whom the diamond really belonged, turns traitor and reveals the hiding place to Bass. After Townsend is killed by a bomb, Ultus escapes, but his band is broken up. Lester tells Bass that Ultus is certain to visit an old house where he keeps certain papers, and there Bass and his men surprise Ultus and have him at bay in a closed room. But, by a clever trick, Ulutus outwits them, and flees from his house, closely pursued.

MURDER LAST NIGHT

William Montague, Colored, Shoots Irving Dudley, Colored. Affair Staged on North Pitt Street. Montague Captured Two Hours Afterwards.

William Montague, colored, thirty-two years old, who lives at 409 South Alfred street, shortly before 9 o'clock last night shot and killed Irving alias "Red" Dudley, colored, about thirty years old, who lived at 407 North Pitt street. The shooting took place on Pitt street between Princess and Oronoco streets.

Following the shooting Montague fled and was arrested at 11 o'clock by Chief of Police Goods and Policeman Kerns. Montague was captured in a shed near the old Washington and Ohio Railroad bridge, north of the city limits. He had discarded the pistol with which he did the shooting and, today the police are searching for the weapon. Montague told the police he threw the weapon away while on the Washington road.

Montague has told several different stories about the shooting according to the police. However, when first arrested he told them that Dudley called him a liar and a fight ensued which caused the shooting. According to reports he fired two shots at Dudley and both took effect, one entering his houlder and the other in the face.

Montague today stated that the trouble originated in a quarrel about whisky. However, he later told his counsel, Attorney W. P. Woolls, that he and Dudley engaged in a quarrel and Dudley knocked him down and he shot in self defense.

A coroner's jury at 11 o'clock today viewed the body and was adojurned over by Coroner Jones until 8 o'clock tonight to meet at police headquarters.

Th jury is composed of Raymond Blumenfeld, W. H. Thomas, Harlan Forbes, George D. Hopkins, and Geo. W. Bontz, sr., and R. M. Graham.

In Police Court today Justice Thompson continued the case pending action by the coroner's jury.

The value of the police department's motorcycle was again demonstrated last night when Chief Goods and Policeman Kerns made a quick trip to a point near the old St. Asaph race track when they captured Montague. Other roads also were guarded by the police and Sergt. Scott had an automobile out searching for the fugitive and there was little chance of his escape.

LIBRARY FOR CAMP.

Part of Plan for Permanent Military Educational Institution for Engineer Officers at Humphreys.

Camp Humphreys, Va., Sept. 20.—Camp Humphreys is to have an extensive modern camp library. This is in line with the plan to make it a permanent military educational institution for training engineer officers of the Army after the period of the war.

The War Department has authorized the construction of a library building forty feet wide by 120 feet long. It will be erected near the camp Liberty Theater and the K. of C. Auditorium.

William Teal of John Crerar Library of Chicago, has arrived at Humphreys to take charge of the camp library. He will be assisted by Prof. George Dale of the department of modern languages at Washington University, St. Louis, and Alfred Keator, librarian of the Uiversity of North Dakota.

The camp library is maintained by the library war service of the American Library Association. Soldiers are furnished text books for study in order that they may continue their development in any special subject in which they are interested.

The library has a large collection of books of reference relating to subjects taught in the engineer training schools. The Central Library and a score or more branches in camp, are the exception of special reference free to any soldier. All books, with books, may be borrowed by the soldiers for a period of two weeks.

PEACE DEMONSTRATIONS.

Large Number of German Recruits Refuse to Entrain.

Amsterdam, Sept. 20.—Peace demonstrations organized by social democrats were held yesterday at Essen and Cologne and in a large number of towns in Saxony, according to a dispatch from Cologne to the Dutch newspapers. Thousands of persons are said to have attended the meeting.

A large number of German recruits, mostly boys 18 years of age, refused to entrain for the front at Aix-la-Chapelle, according to Les Nouvelles, which says that the soldiers were ordered to fire upon the mutineers, of whom eight were killed and many wounded.

It is stated by the Newspaper that the remainder of the revolting recruits were then driven into their train like cattle, but they were firing from the windows of the cars as the train moved out of the station.

HICKS—In sad but loving remembrance of my dear mother, MRS. ELIZABETH HICKS, who departed this life 2 years ago today, Sept. 20, 1916.

Called her home,
She smiled farewell to earth.

TAKE 10,000 PRISONERS

Twenty-five Towns Are Retaken by British and French as Teuton Counter Attacks Are Broken by Allies.

London, Sept. 20.—(12:26 p. m.) British troops again lunged forward on the front northwest of St. Quentin on Thursday, advancing one mile and recapturing the important town of Mouevres, the war office announced today.

The enemy losses in trying to stem teh advance are staggering.

In the Epehy sector part of the old German defensive system has been recaptured by the British!.

Violent fighting centered around Moeuvres, and there was another hard struggle on the Lempire-Epehy line, where Malaissise farm was taken from the Germans.

A few prisoners were captured at Hulluch and elsewhere.

London, Sept. 20.—At least 4,000 additional prisoners were taken by the British Third and Fourth armies when they resumed early yesterday their drive against the Hindenburg line between Cambrai and St. Quentin. This brings the total of captives in two days up to 10,000. A fierce battle raged in the late hours Wednesday the the end of which saw the British in possession of eleven miles of the Hindenburg line outposts. At some points fighting took place yeterday in the foremost defense positions of the famous German main line.

The French, who joined the British drive Wednesday southward from Holnom (two and a half miles west of St. Quentin), also made substantial progress, penetrating the German defenses around Contescourt, three miles southwest of St. Quentin.

Before dawn yesterday the allies renewed their attacks, and savage fighting has been raging all day.

Lempire and Gauche Wood, where the Germans put up a desperate defense Wednesday fell to the British yesterday. Lempire lies three and a half miles southwest of Le Catelet, and Gauche Wood is near the extreme left of the British attacking front, some four miles north of Lempire.

The determined German counter-attacks late yesterday were smashed by the British.

LOCH LYNN HOTEL BURNED

$40,000 Loss Caused by Destruction of Summer Resort.

Cumberland, Md., Sept. 20.—The Loch Lynn Hotel, located on Loch Lynn Heights, opposite Mountain Lake Park, was burned about one o'clock yesterday morning, with loss estimated at $40,000. The fire originated from an open fireplace in the lobby in the center of the building. The flames spread quickly and, with the exception of a few chairs from the ball room and a large chest of silverware, the furnishings were all lost. The fire was discovered by Night Telegraph Operator Reedy, who sounded the alarm but owing to the location of the building on its high elevation the water pressure was too low to fight the fire.

The hotel had closed Wednesday for the season and all the guests with the exception of Mrs. L. B. C. List, formerly of Wheeling, who owned the hotel, and her daughter, Miss lizabeth List ,had left. Mrs. List and her daughter were asleep in an upstairs room and knew nothing of the fire until the telegraph operator broke in the door of the front entrance and climbed the front stairway to their rooms. By the time Mr. Reedy got Mrs. List aroused, the flames had encircled the front staircase, making it impossible to get to the first floor by this means. They barely escaped with their lives down a stairway at the rear of the building.

Mrs. List and her daughter, who live in Washington during the winter months left for that city this morning.

UTILITY OF MOTORCYCLE.

As has previously been stated, the motorcycle recently purchased by the city for the police department has proven a valuable adjunct to the force. It has almost paid for itself by increasing the number of arrests of parties charged with the reckless use of automobiles in this city, as well as operating the same at night without proper lights. Last night it played an important part in the capture of a negro murderer who was rapidly making his way out of the city when intercepted some distance in Alexandria county.

After the police had been apprised of the murder they stationed men near the houses of his relatives in this city, while others started on a search for the slayer. It was surmised that the fugitive would make towards Washington, and Chief Goods and Officer Kerns seated themselves in the motorcycle and started in pursuit. When the officers were approaching the bridge which crosses the road at the grounds of the old St. Asaph race track they sighted the negro ahead of them, and putting on additional speed were soon at the bridge. The fugitive, however, had in the meantime vanished. They knew he was nearby and a search was started. A house in the vicinity was believed to shelter the slayer, and the chief and his companion made their way to it. They entered the place when the officers lighted matches and soon found the object of their search. Placing their pistols in the negro's face they caused him to throw up his hands and surrender.

THEFTS OF BICYCLE

The police report that more than twenty bicycles have been stolen recently in Alexandria. The thieves generally endeavor to make certain changes to the machines to prevent identification by the owners. Seats are changed, mud guards removed and other alterations accomplished.

A negro was before the police court last night on the charge of appropriating a wheel belonging to a young white man. The machine had been altered somewhat since it was stolen. Another seat had taken the place of that which was originally upon it and the mud guards had been removed. It was, however, positively identified by the owner.

The negro who was charged with stealing the machine alleged that he purchased it from a negro for $6. He said the darkey had left the city. The wheel was bought of Fred Ayers for $37.50. The accused was fined $25.

Later in the night Sergeant Scott seized a bicycle which was in charge of a colored youth who alleged that he purchased it of a one-armed negro. The machine was held for identification.

Several months ago over twenty bicycles were in a short time stolen in Washington. Two boys were arrested in that city on suspicion, when one of the youths acknowledged that he and his companion had committed the thefts and disposed of the wheels in Alexandria. But one was recovered, however.

The above has been written as a warning to those having bicycles. The owners often leave their wheels on sidewalks or against fences, places from which they can easily be stolen.

To All The People Of Greater Alexandria

On Saturday, September 21st, Our Alexandria Market Will Open For Business

We hope that every housekeeper in the city will visit us and see the large scale preparations we have made to cater to the food needs of GREATER ALEXANDRIA.

This is a day of big things So, in planning our market, we plannel for the BIG ALEXANDRIA of today,—and the BIGGER ALEXANDRIA of tomorrow.

This market is one of the largest and best equipped in the State of Virginia. It has every thing a BIG CITY market needs. The many departments are furnished with the most advanced type of sanitary fixtures. Butter and Eggs; Fish and Poultry; Fruit and Vegetables; Groceries and Bakery Goods, all are well cared for in the layout of the market.

The Fresh Meat Department commands special attention. Here the people of Alexandria, for the first time, may enjoy the pleasure of selecting their steaks, chops and cutlets from our refrigerated plate glass counters. Think what this means;—no flies, no dirt, no finger nails, —nothing but clean, cold air touches the meat on sale in our cold crystal cases.

Then there is the Smoked Meat Department. We have built here a special smoke house to smoke for Alexandria alone. Fresh, bright, sweet smoked meats are made possible by doing the smoking right on the premises. Hams and Hocks; Bacon and Picnics, and all other varieties are at their best right out of the smoke house,—like doughnuts out of the dip.

We want here to say a word of special appreciation and thanks to our Alexandria friends who, for years, have journeyed to Washington to deal at our markets. We want to tell them, and their friends, that we have built in Alexandria the largest and best equipped market in our entire chain. And, we hope it will meet their expectations and their needs.

WE WELCOME YOU TO OUR MARKETS AS YOU HAVE WELCOMED US TO YOUR CITY

TRADING IN CORN STOPPED.

Embargo And Lack of Storage Space Given as Reasons.

Chicago, Sept. 20.—All trading in corn for delivery in store, or by grade alone, in Chicago in September was ordered stopped yesterday by the directors of the Board of Trade. At the same time all transactions in indemnities executed on September 19 in September corn were declared null and void and the sellers were ordered to refund to the buyers the purchase price of the indemnities. The reason given was the embargo placed yesterday, which restricted to a great extent shipments of grain to the Chicago market, and the fact that practically all the storage space suitable for receiving grain on September contracts is now filled with grain lately held for the Government.

DANCING

The Empire Social Club wishes to announce that their popular dances will be resumed at the Odd Fellows' Hall, Monday, September 23, and will continue on every Monday and Friday throughout the winter. The music will be furnished by the ever popular Nichols' Jazz Band, which has had a big summer furnishing the music for the dances at Chevy Chase Lake. This music has been classed as the best around Washington this summer and those who attend our dances will be assured of having the best music obtainable. All old friends are cordially invited and all new ones will be heartily welcomed and assured of good time. The old prices will prevail. Ladies free. Gents 75 cents.

CAUSE REIGN OF TERROR.

Boys and Girls in Germany are Seized on Little Pretext and Jailed.

From the description in the Meuncheuer Post it would appear that a veritable "reign of terror" exists in Germany, due to the Government's fear of strikes and a revolution.

The Post says:

"The military courts are creating a reign of terror in Munich. The army authorities are constantly haunted by the fear of strikes in munition and aeroplane works and similar establishments.

"On the least provocation, or on no provocation at all, the gendarmerie and police, acting on the urgent instructions given them, arrest men, women, youths and young girls in the street, often with the greatest brutality.

"In one case a young woman who had been overheard by a soldier to remark to an acquaintance employed in an aeroplane factory, 'If I had to work as many hours as you do I should soon strike,' was beaten about the head with the soldier's scabre, marched off to the court and forthwith sentenced to 18 months' imprisonment for treason.

"Meanwhile, real criminals can rob and murder with impunity. According to the 'Zeitung am Mittag,' Berlin, which for long before the war was notoriously the most immoral city in the world, is now the most criminal city. It says:

"Berlin no longer offers any security to the public. Shops are looted, dwelling houses are forcibly entered, burglars' revolvers are fired at all hours, thefts and robberies continue unceasingly and the wildest pre-war excesses of the Paris Apaches are eclipsed.

"The greatest sufferers through the unhappy conditions are the women who have to thread their way at night through the unlighted streets."

ROUMANIA MAY GET BACK

Furious Agitation is Under Way in Roumania, For a Redeclaration of War on Germany.

Londo, Sept. 20.—The official German organ, the Nord Deutsche Allgemaine Zeitung, is quoted by the Amsterdam correspondent of the Daily Express as saying that a furious agitation is under way in Roumania headed by Queen Marie, of a redeclaration of war on Germany.

This agitation is accounted for by the correspondet as the reason for the hurried visit to Bucharest by Dr. Solf, the German colonial minister. Field Marshal Mackensen also is said to have been ordered to Roumania.

The Council of National Defense Urges:

Early Christmas Shopping
The Buying of Useful Gifts
And Carrying of Parcels

The Council of National Defense urges the people of this country to confine their Christmas giving (except to children) to useful articles, to make their purchases during October, November and December, so that the stores will not have to employ larger number of helpers at Christmas time.

They also request the carrying of parcels wherever possible, as a necessary measure of labor conservation.

It is none too soon to BEGIN NOW your Christmas shopping, because if these suggestions are loyally and faithfully put into effect throughout the country it will make possible a continuance of the holiday custom without endangering the national interest thereby.

We have also been requested to place these facts before our public at least once each week, and we trust the response may be so substantial as will not cause a modification of the requests of the Council of National Defense.

Your Winter's Coal Supply

On account of rulings of the U. S. Fuel Administration, it seems doubtful if Virginia will receive sufficient anthracite coal to supply the demands. If present rulings are maintained, this shortage will be very great in Alexandria and we earnestly advise our customers to put in a reasonable amount of bituminous coal as a safeguard against a coal shortage next winter.

We are now securing some very fine bituminous coal which we believe will work in all characters of coal burners but the Latrobe stoves.

The Hun Within

with

and a special star cast

It is one of the greatest of all war pictures. A story of thrills without number, spy plots, real heart interest and a tremendous climax all handled deftly and convincingly.

It shows the cunning of Germans who pose as Americans and and it shows the hearth of the German-born who love America. Germans who are loyal will praise it. Germans who are disloyal will despise it.
